Abstract

The ***Ontario Specialized Transit Services Fact Book*** is a summary of operating and financial statistics and performance indicators, collected from information submitted by organizations providing specialized transit services in Ontario, through a survey administered by the Canadian Urban Transit Association (CUTA). The report was prepared through a cooperative agreement between CUTA and the Ontario Ministry of Transportation (MTO).

This report contains detailed data for 2010 and 2011, along with key performance indicators, for each of the Ontario specialized transit systems. It also provides a provincial summary, as well as a summary comparing the performance indicators by population group.

Please communicate any corrections to the data to:

The completion and submission of the annual questionnaire is required from all Ontario municipalities wishing to receive gas tax funding as part of the 2012 Dedicated Gas Tax allocation.

Strikes / Service Interruptions Information:

There were no reported strikes or service interruptions in 2010 and 2011.

* In previous years, the contractor charged the city at a flat rate by supplying the buses, fuel, and maintenance. The contractor also provided additional bus service to accommodate the clients upon request. A new paratransit contract was introduced in 2010. Under this new contract agreement, the city supplies the buses, maintenance and fuel. The contractor is now scheduling more efficient service and ensure multiple passengers are on the bus at the same time. * Employment numbers refer to city staff only - no employment statistics from the contractor.

Our service utilizes 2 small accessible buses - one owned by the Municipality and the other by a private contractor. The contractor provides the service utilizing the municipal bus for a net daily fee which includes the expenses for driver, fuel, labour for maintenance, and booking. The Municipality is responsible for the maintenance expense associated with its own bus. The second bus provided by the contractor is paid at a set rate inclusive of all expenses. Employment statistics for the service are not available from the contractor.

* Top Wage Rates are not available as service is contracted out. * "Family of Service" is a new eligibility status started in mid 2010, whereby current customers and new applicants use conventional YRT/Viva transit services for a portion of their overall trip. A Mobility Plus vehicle will pick up passengers from their home and take them to a Bus Terminal, the driver escorts to the platform. The customer boards the conventional transit bus and travels to another terminal subway if travelling into Toronto. At the terminal, another Mobility Plus Vehicle may pick up the customer and take them to their final destination. Mobility Plus saves the cost and time of the one way long trip by providing two shorter trips at the beginning and end legs of the trip.
