* Registrant - Ambulatory also includes the individuals using canes or walkers. * The Red Cross operates 2 vans for the FAST service. Starting 2010, one of those vans is now funded by the Ministry of Health under the "Aging at Home" strategy program. As such any passenger revenue generated from that van goes back into that funding program. The Town only collects fares for the Town-owned vehicle, hence the reduction in 2010 passenger revenue to the municipality.

* KAB experienced a strike from April 16, 2009 until June 21, 2009. During that period office staff continued to accept bookings and cancelled them as the days continued. Dialysis passenger were taken by office staff. During that time frame we completed 679 trips and cancelled 10,153. these numbers are part of our overall total. As a result of the strike we lost our contract with the school board which provided a source of revenue and five full time drivers were layed off. We are slowly rebuilding.

The specialized service was provided by Coach Canada from January-September 2010. Commencing October 4, 2010, the service provider changed to Burt Transportation Service (BTS). The hours of operation were extended to match those of the conventional system i.e. Monday-Friday 6:00 a.m.-10:00 p.m. and on Saturdays from 8:00 5:00. A municipally owned small bus was previously used by Coach Canada and an accessible van is used by BTS.

* Top Wage Rates are not available as service is contracted out. * "Family of Service" is a new eligibility criteria started in mid 2010, whereby current customers and new applicants are identify for using conventional YRT/Viva transit services for a portion of their Mobility Plus trip. A Mobility Plus vehicle will pick up passengers from their home and take them to a Bus Terminal (say in the north - Newmarket), the driver escorts to the platform. The customer boards the Conventional Transit bus and travels south to either our main Viva terminal in Richmond Hill or Finch TTC subway if travelling into Toronto. At the Richmond Hill Bus Terminal, another Mobility Plus Vehicle picks up the customer and takes them to their final destination. Mobility Plus saves the cost and time of the one way long trip by providing two shorter trips at the beginning and end legs of the trip.
