* Number of Registrants based on estimates due to no automated system for tracking. * Operating Statistics - Revenue Vehicle hrs. or kms vs deadheading ratio has been estimated to be 65% to 35%. * The 2012 ridership growth was partially due to the 65+ demographic growth in the community, integration of special needs children into the mainstream education system, as well as the increasing awareness of the presence of the Sunshine Coach Service. The services are not only restricted to providing medical purposes but also other purposes including employment, education, social, and quotidian needs.
